

# MORRISON SNAPSHOTS

## MORRISON & COMPANY WITH ROTARY

The Tricerris enjoyed a wonderful meal at the annual Rotary omelet brunch, which raises funds to benefit the community. Meanwhile, Brent, Michelle, and Chico Unified's Kim Hernandez, received the CUSD Superintendent's award for their leadership in the Rotary Chico Children's project. This project provided clothing and toiletries to 43 of the most at risk students within the school district. Great job Brent, Michelle, and Kim!

## CHICO CHAMBER SUMMER BASH, HONORING THE 80TH ANNIVERSARY OF SHUBERT'S ICE CREAM & CANDY

The Morrison team just loves getting out and spending time with our community. Throw Shubert's in the mix, and we'll be first in line! This year's bash featured Kinder's BBQ and the Kelly Twins Dueling Pianos. What more could you ask for?

## MORRISON'S SUMMER BBQ

Every summer our team gathers at Brent's house to celebrate as one big family. The event always brings something new and fun for our team and their families to enjoy. This year we had cornhole toss, giant Jenga, horseshoes, face painting, pony rides, a petting zoo, and a scavenger hunt. Oh, and don't forget the giant unicorn! We are grateful for every member of our team and all of our extended Morrison & Company family members.

## WHERE IN THE WORLD IS THE MORRISON TEAM?

Carolyn and her husband, Brian, had a little R&R in Cabo. A week later Janae and Michelle followed suit. It looks like Cabo is the place to be!

## BUTTE COUNTY FARM BUREAU SUMMER BBQ

It looks like we have an auctioneer in the making here. Savannah, the understudy, and the Morrison team enjoyed a fun evening at the Butte County Farm Bureau Summer BBQ, enjoying good food, great activities, and even better company.

## BIRTHDAYS!

Birthdays come in waves in our office. This quarter we were able to celebrate with Tim, Shawn, Hilary, and Michelle as they gain another year of wisdom. Happy Birthday!

## KEEPING UP AND STAYING CURRENT

Shawn and Jesse of our People Solutions team attended the Society for Human Resource Management's 2018 California State Legislative & HR Conference where they learned about important California and federal legislation and employment issues that are or will be impacting business in the future. Shawn later presented on the topic of Change Management at this year's National Society of Accountants for Cooperatives (NSAC) Far Western Chapter's 62nd Annual Meeting. Brent, Geoff, and Tim attended, learning the latest on tax, accounting, and business management practices affecting coops and other businesses.
